

# RALLY IN FRONT OF ASIAN ART MUSEUM!

## WHERE & WHEN

**OSHER PLAZA THURSDAY, 11:30AM**  
200 LARKIN ST JULY 14, 2022 TO 12:30PM  
SAN FRANCISCO, CA 94102

## WHAT'S GOING ON

We have made incremental movements at bargaining. But our core concerns for an equitable wage increase, longevity pay, and protection for temporary and as-needed workers are not yet met.

We must address the rising cost of living and recover the economic sacrifice we made in the last couple of years. We need just compensation for long-term employees who are no longer getting step increases. We need job security and advance notice to the union in case of further layoff and furlough. We must stop the ongoing and increasing use and abuse of expendable Temp and As-Needed workers.

It's time for us to send a strong message to management that issues of fair pay, job security, and long-term staff retention are central to the membership's concerns and that we are ready to fight for what's just and fair!
