For over a decade, I have proudly served as the Chief Shop Steward of the Behavioral Health Chapter. In the interests of fairness and advocacy, I have also vigorously represented members outside of my own chapter. Anyone I have ever represented knows how fiercely protective and tireless an advocate I am for our members. I am running for the bargaining team because the combination of my knowledge as a steward, combined with my communication and advocacy skills are a formidable combination for negotiating the best contract possible for our members. I am asking for your vote, so that in return you can ask for my advocacy during these upcoming contract negotiations.

I currently serve as Vice-President —Services. I have served on many bargaining teams as an Active CAT member advocating for our membership including past Chair and Bargaining Team. I know the history of our contracts and it's development. I am very detailed oriented. I will not back down when it is not in the members' interest. You need a fighter on your team and I'm that person. Based on the members' survey, I STAND for HERO pay, 10% COLA, Caseload Standards and Enforcement, Participatory Labor-Management teams, Hybrid Work, Longevity. Bi-Lingual, Premium pay and OUR collective issues.

1- record inflation and increase cost of living (inc transportation) because it is important for our membership to receive higher salary and benefits 2-the great resignation talent retention is more important than ever and hiring/training new employees would be more expensive 3-heroic first responders working through the pandemic to ensure the most vulnerable in our community receives benefits that they need 4- external county offers higher pay for our workers

It would my pleasure to be part of the negotiating team. I come with many years of experience negotiating union contracts. The willingness to discussion and define fair and concise language with management to protect the members. Thank you in advance if you choose me to part of the process.

Working in the Public Authority for more than 8 years, my compassion for helping both providers, recipients, watching out for my co-workers and being a SEIU member in good standing, I would be a great addition to the bargaining committee. I have been on prior bargaining committees, enjoyed it and will give my all

#### Megan Rose Ojeda

I have hope that together we can achieve great measures for ourselves and in turn lay the framework for many more to follow. I believe I can instill that same hope and enthusiasm in others as we create more pathways for leaders who aim to empower other members to pursue and accomplish their goals for great success as well.

I am interested in joining the bargaining team to represent my fellow county employees. It has been a hectic/hard couple of years for everyone, and I would like to make sure that everyone is represented moving forward and that our best interests are defended. I have been an Appraiser with the Assessor's office for almost 8 years.
